

Bingo with the Number Generator Die (1–75)

How to Play

Option 1 – Classic Bingo

Play using only numbers 1–75.

- Roll the die to generate a number.
- If a special symbol appears, ignore it and roll again.
- If a number is rolled that has already been called, roll again.
- Play follows standard Bingo rules.

Option 2 – Enhanced Bingo (Recommended)

Add variety and excitement by using the die's special features:

-  **Watermelon Symbol (Wild Card)**
Place a chip on **any number** on your card.
- **2X** Result
Place a chip on any number from **20–29**
- **6X** Result
Place a chip on any number from **60–69**
- If a number is rolled that has already been called, roll again.

Note (Applies to Both Options)

If you're not familiar with Bingo rules, we recommend watching a quick instructional video online.
